

Grow Your Pharmacy & Customer Base Pharm Fresh Provides the Tools You Need

Pharm Fresh offers brand strategy, market analysis, and sustainable growth marketing for any budget. They can help get your pharmacy up and running with smart marketing techniques, high quality materials, and quick turnaround so that you can reach more of your best customers.

Pharm Fresh will help you come up with a marketing strategy to integrate all of your marketing efforts for maximum impact. They can assist you in finding your best customers and develop a plan to reach them. They make it easy with in-house printing, an experienced design team, One to One Marketing approaches, and mailing services.

DESIGN

Give your brand the attention it needs with agency-quality work. Draw in new clientele with custom designs for direct mail, in-store signage, promotional materials, and more.

WEBSITES & ONLINE MARKETING

Pharm Fresh offers several options for building your pharmacy website and online marketing: starter website, premium website and facebook advertisements.

ONE TO ONE MARKETING

Personalize your messaging with the recipient's name, using images to reflect similar demographics, or marketing using your own photos to build familiarity with your patients.

PRINTING

Pharm Fresh has their own printing business complete with traditional and digital presses! Having access to this equipment and expertise allows them efficiencies to save you money.

MAILING SERVICES

Select a list with the appropriate attributes to best fit your marketing campaign. Mailing specialists can prepare any type of mailing and advise you on current postal regulations.
