NEW KODAK Print Place Tablet

With the KODAK Print Place Tablet, your business can become a Wi-Fi enabled photo kiosk location without a big investment in dollars or floor space. Customers can create stunning 4x6 in., 5x7 in. and 6x8 in. prints, picture cards, collages or ID prints quickly, simply, and affordably in store. It's fast and fun – as consumers can also Wi-Fi their pictures directly from their smartphones with the free KODAK MOMENTS App. And it's a great way to build loyalty with customers who love using new technology that's both convenient and cool.

Big Opportunity - Small Investment

Starting at just \$1699 this is the lowest priced KODAK kiosk on the market

Smartphone Connectivity

With the free KODAK MOMENTS App your customers can send orders directly to the kiosk!

Small Footprint Units

Versatile units let you place the Print Place on the counter & put the printer in back to save space!

Easy-to-Use Touchscreen Tablet

Touchscreen display lets customers zoom, rotate and crop without your help.
