

## Topical CBD Products from Medterra Order Today in the OTC Catalog!

IPC is excited to add Medterra to our growing selection of topical CBD products in the OTC Catalog! Medterra CBD products are exclusive to medical offices and independent pharmacies.

Topical CBD products are growing in popularity. However, not every item in this expanding market is created equally. The CBD molecule is quite large and needs the help of other ingredients to absorb into the skin.

To make sure Medterra's CBD is able to penetrate the outer layers of the skin, their topicals are formulated with some of the most advanced ingredients in skincare. Free of plasticizers, artificial preservatives, and synthetic ingredients, Medterra's Topical CBD Products are designed to deliver results, not cut corners.

Order these items from the OTC Catalog at [www.ipcrx.com](http://www.ipcrx.com)!
