

We know you are looking for quick and easy ways to save on all your Rx purchases.

Enter, **Warehouse EDGE (WE)**. WE takes the stress out of your day by bringing you all of our exceptional Rx savings opportunities at once. WE allows you to take advantage of our low everyday pricing on Generic Rx and our competitive everyday Brand Rx pricing. Purchase enough Generic Rx to achieve Bronze, Silver, or Gold status and unlock an additional 0.5% savings on Brand Rx (automatically unlocks the next day and is available through the following month).

IPC has made it easy to view your status by showing your Generic Rx and Brand Rx purchasing levels on the ordering page of [www.ipcrx.com](http://www.ipcrx.com). As you order, you can see the amount of Generic Rx needed to reach your next status level and the amount of Brand Rx you have left to purchase at the WE discount rate.
