

## Why Purchasing Compliance Matters

- **Cost Savings**  
Avoid rising costs, moving targets and shrinking margins.
- **Primary Vendor Adherence**  
Stay compliant with your primary vendor agreement.
- **Profit Protection**  
Purchase the right product at the right price at the right time.
- **Time Efficiency**  
Automate tasks like price comparisons and contract tracking.
- **Predictability**  
With costs changing monthly and quarterly, it is important to know how a purchase today can impact the next quarter.

## Purchasing Power

### How IPC Can Help

*IPC offers data-driven purchasing solutions to optimize your pharmacy's procurement:*

#### Pharmacy Marketplace

Daily compliance and cost savings tracking. Compares multiple wholesalers for competitive pricing.

#### RxAssassins

Ensures wholesaler contract compliance and maximizes rebates.

#### SureCost

Simplifies purchasing & inventory management with real-time data.

#### CheckmyRxCost

Uses AI to identify the best purchasing opportunities.
