

Your Trusted Partner in **PHARMACY EDUCATION**

PharmCon freeCE is the CE partner for pharmacy teams that take compliance seriously—without making it complicated. For over 35 years, we have been delivering ACPE-accredited continuing education that fits the way pharmacy professionals actually work: on shift, between patients, and on their own time.

Who We Serve

PharmCon freeCE is purpose-built for the full pharmacy team — every credential, every practice setting, every career stage.

Pharmacists

who need state board-approved CE, live webinar sessions, and specialty training to enhance their clinical expertise

Pharmacy Technicians

seeking foundational knowledge, career advancement, and PTCB-recognized specialty trainings

Pre-Certification

for aspiring pharmacy technicians building the knowledge and skills needed to pass the PTCE and launch a career in pharmacy

Why Choose PharmCon freeCE for Your Team?

Continuing education is more than just a requirement. PharmCon freeCE is the trusted CE partner for pharmacy organizations nationwide, providing a seamless learning experience that supports both individual growth and organizational success.

Compliance Without the Headaches

Keep your pharmacists and technicians current with state board requirements, automatically. PharmCon freeCE handles CE reporting to NABP CPE Monitor and CE Broker so your team stays compliant and your pharmacy stays off the radar.

New Revenue Through Specialized Services

MasteryRx specialty training equips your pharmacists to offer high-value clinical services — from diabetes management to contraceptive care to compounding. More skills on your floor means more services you can bill for.

A More Capable Pharmacy Team

Well-trained technicians mean fewer errors, smoother operations, and less pressure on your pharmacist. Our structured programs give your staff a clear learning path from day one, so you spend less time managing gaps and more time running your pharmacy.

A Confident Path to Technician Certification

101 Pharmacy Technician CareerStart gives new hires a structured, PTCB-recognized training pathway to certification. Hire with confidence knowing your onboarding program actually prepares technicians to pass the exam and hit the floor ready to work.
