

**IPC PREFERRED
VENDOR**

WE PAY PHARMACIES TO IDENTIFY PATIENTS FOR SPONSORED CLINICAL TRIALS

WE ARE NOW RECRUITING FOR A COLORECTAL CANCER STUDY.

ABOUT THE STUDY

This national clinical trial is evaluating a new blood-based screening test designed to **detect colorectal cancer and precancerous conditions in individuals at average risk.**

Participants provide a blood sample prior to their routine colonoscopy, and results from both will be compared to assess test accuracy.
